

JONES ARCHITECTURE

Jones Architecture is a design-oriented firm based in Portland, OR. We specialize in mixed-use urban infill, residential, historic rehabilitation, mass timber, office buildings, and hospitality projects.

Jones puts collaboration first and foremost. Our small, tight-knit team encourages thoughtful communication, and values the creative input and expertise of each member. Mentorship, education, and providing opportunities for growth are key to how we operate. We build upon our individual strengths and lift each other up when in need of support. We embrace a culture of collective responsibility, and we share in both successes and challenges.

Our underlying approach to collaborative design lends itself to a fast-paced, exciting working environment. We grow and evolve with our projects, with each member of our team working closely with our clients and consultants through every project phase.

We produce award winning, contextually driven work that is worthy of its people and place. We find beauty in simplicity and have an affinity for buildings that are one with their site and context. Each member of our team strives to make a positive contribution the built environment through our designs, and we align ourselves with like-minded clientele.

Jones offers a competitive compensation package including paid time off, professional development stipends, 401(k) & profit sharing opportunities, and generous healthcare options. We believe in a healthy work-life balance and offer flexibility to fit our ever-changing work environment. Jones Architecture is an equal opportunity employer.
